EXHIBIT T

Customs-Trade Partnership Against Terrorism (C-TPAT)

11/30/15

1. In this Exhibit the term "Supplier" is used interchangeably with "Contractor", and the term "Purchaser" is used interchangeably with "Buyer". If Supplier is certified under the Customs-Trade Partnership Against Terrorism (C-TPAT) program (certification for carriers, terminals, importers, foreign (non-U.S.) manufacturers, brokers, consolidators, etc.), Supplier shall provide documentation of CTPAT certification (e.g., C-TPAT certificate, C-TPAT Portal Monitoring, etc.) to the Exxon Mobil contact under this agreement.

2. If Supplier is not C-TPAT certified, Supplier shall provide written notice to the ExxonMobil contact under this agreement that it is meeting C-TPAT security guidelines as specified on the then-current C-TPAT area of the U.S. Customs and Border Protection website set forth below via written/electronic confirmation (e.g., a letter from a senior officer of Supplier attesting to compliance or a written statement from Supplier demonstrating its compliance with C-TPAT security guidelines or an equivalent World Customs Organization (WCO) accredited security program administered by a Foreign Customs Authority).

The website referenced in the previous paragraph is as follows:

http://www.cbp.gov/border-security/ports-entry/cargo-security/c-tpat-customs-trade-partnership-against-terrorism/apply/security-criteria

In addition to any other audit and inspection rights under this agreement, Purchaser or its designated representative may verify such information upon reasonable notice and at reasonable intervals, but not more than once every twelve months.
